### Message from the Guest Editor

In 2023, we will celebrate the 10th anniversary volume of the journal *Healthcare* (ISSN 2227-9032). To commemorate this significant milestone, we are launching a Special Issue entitled "**The 10th Anniversary of *Healthcare*—Medication Management.**" It is our pleasure to invite you to submit an original research paper or a comprehensive review article for peer review and possible publication in this Special Issue of *Healthcare*.

This Special Issue focuses on the complex and interrelated topics related to the pharmaceutical sector and medication management, including drug regulation, selection, utilization, health outcomes, reimbursement, and drug access and affordability. The articles will explore the factors that shape drug approval, selection and utilization, as well as the impact of these factors on patient outcomes.

- drugs and biologics
- regulatory agencies
- pharmaceutical industry
- generic and biosimilar drugs
- pharmacoeconomics and health technology assessment
- reimbursement
- drug access and affordability
- formulary and drug utilization management
- pharmacy and pharmaceutical services
