Assessment and Treatment for Healthcare of the Musculoskeletal System

Guest Editor:

Prof. Dr. Junghoon Lee

1. Department of Physical Therapy, College of Nursing, Healthcare Sciences and Human Ecology, Dong-Eui University, Busan, Korea
2. Integrated Physical Medicine Institute, Dong-Eui University, Busan, Korea

Deadline for manuscript submissions:

closed (24 May 2022)

Message from the Guest Editor

The musculoskeletal system includes muscles, tendons, ligaments, cartilage, bones, and joints. Problems of the musculoskeletal system can lead to pain, stiffness, weakness, and impaired movement and function. Therefore, various evaluation/treatment methods and orthoses for maintaining the health of the musculoskeletal system are essential. In addition, since the nervous system controls voluntary muscle movement, ensuring its proper function is crucial.

This Special Issue of *Healthcare* focuses on the relationship between the musculoskeletal system and healthcare. It includes the results of scientific studies on various assessments; treatment methods (including alternative medicine); evaluation of various disorders of muscles, tendons, fascia, nerves, ligaments, bones, and joints; and orthoses for protecting the musculoskeletal system.

Special Issue

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Lorraine S. Evangelista

Sue & Bill Gross School of Nursing, University of California, Irvine, CA 92697, USA

Message from the Editor-in-Chief

Healthcare is an international, peerreviewed, open access, multidisciplinary journal. Original research articles, short communications, review articles, and symposium highlights are welcomed.

Healthcare hopes to influence global health and disease aspects, and hopes to gain high visibility and acceptance by the scientific and healthcare community and will dedicate itself to covering special and specific topics in special issues.

We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), PubMed, PMC, and other databases.

Journal Rank: JCR - Q1 (Health Policy and Services) / CiteScore - Q1 (Leadership and Management)
