Health Care Center, Department
of Obstetrics and Gynecology
with Oncological Gynecology,
Krakowska 91, 39-200 Debica,
Poland

Deadline for manuscript
submissions:

closed (1 May 2024)

Message from the Guest Editor

Gynecology as a branch of medicine dates back to the late 19th century. It was not until that time that a group of surgeons become specialized in pelvic organ disorders, drawing attention to the fact that anatomy and physiology of pelvic organs as well as their treatment require specific management. Changes in gynecology concerning diagnostics and therapy need to be constantly updated. The forthcoming Special Issue of *Healthcare* will be devoted to the current aspects of evolution in gynecology.

We warmly welcome submissions of research studies, reviews, and case reports, especially novel and interesting original articles, in this Special Issue.

- gynecological diseases
- treatment
- diagnostics

an Open Access Journal by MDPI

Editor-in-Chief

Message from the Editor-in-Chief

Healthcare is an international, scientific, peer-reviewed, open access journal on health care systems, industry, technology, policy, and regulation, and is published semimonthly online by MDPI. Ocular Wellness & Nutrition Society (OWNS) is affiliated with *Healthcare* and its members receive discounts on article processing charges.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), PubMed, PMC, and other databases.

Journal Rank: JCR - Q2 (*Health Care Sciences and Services*) / CiteScore - Q2 (*Leadership and Management*)
