## Paediatric Spinal Deformity

Guest Editor:

### Dr. Athanasios Tsirikos

Orthopaedic and Spine Surgeon,  
Scottish National Deformity  
Centre, Royal Hospital for  
Children and Young People,  
University of Edinburgh,  
Edinburgh EH8 9YL, UK

Deadline for manuscript  
submissions:

**closed (30 April 2024)**

### Message from the Guest Editor

Scoliosis is a spinal condition that usually affects fit and healthy teenage patients during a period of rapid skeletal development. Kyphosis and spondylolysis/spondylolisthesis can develop in children and adolescents, they can also have an impact on patients' level of activities and day-to-day life due to persistent pain or cosmetic effect. Spinal deformity treatment has advanced considerably in the past few decades and can achieve optimum curve correction and good clinical results.

The aim of this Special Issue is to collect articles from distinguished authors around the world who can present their experience in the aetiology, natural history, and management of young patients with severe spinal deformity. I hope that we can produce a spinal volume that will advance our knowledge in the care of children and adolescents with spinal deformities and that will be of value to colleagues who are faced with these clinical problems in their everyday medical practice.

- scoliosis
- kyphosis
- spondylolysis
- spondylolisthesis
- natural history
- prognosis
- treatment
- spinal fusion
- outcomes
- quality of life assessment questionnaires

an Open Access Journal by MDPI

## Editor-in-Chief

## Message from the Editor-in-Chief

*Healthcare* is an international, scientific, peer-reviewed, open access journal on health care systems, industry, technology, policy, and regulation, and is published semimonthly online by MDPI. Ocular Wellness & Nutrition Society (OWNS) is affiliated with *Healthcare* and its members receive discounts on article processing charges.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE and SSCI (Web of Science), PubMed, PMC, and other databases.

**Journal Rank:** JCR - Q2 (*Health Care Sciences and Services*) / CiteScore - Q2 (*Leadership and Management*)
