Message from the Guest Editors

This Special Issue will publish innovative research related to healthcare management and automation. Review articles that summarize the state of the art and recent advances in these topics are also welcome.

Potential topics include but are not limited to the following:

• Technical and IT tools for healthcare management;

• Reduction of healthcare costs and public health expenditure;

• Improving the quality of care;

• Re-engineering of care processes;

• Introduction of novel diagnostic and therapeutic pathways;

• Efficient human and material resource management in the hospital;

• Continuous process improvement;

• Monitoring of healthcare performances and appropriate access to healthcare services.

Special Issue

Editor-in-Chief

Message from the Editor-in-Chief

Healthcare is an international, scientific, peer-reviewed, open access journal on health care systems, industry, technology, policy, and regulation, and is published semimonthly online by MDPI. Ocular Wellness & Nutrition Society (OWNS) is affiliated with *Healthcare* and its members receive discounts on article processing charges.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.
High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), PubMed, PMC, and other databases.
Journal Rank: JCR - Q2 (*Health Care Sciences and Services*) / CiteScore - Q2 (*Leadership and Management*)
