Osteopathic and Manual Therapy Healthcare Reconceptualization: Health Needs and New Evidence

Collection Editor:

Dr. Marco Tramontano

Department of Biomedical and
Neuromotor Sciences (DIBINEM),
University of Bologna, 40136
Bologna, Italy

Message from the Collection Editor

We want to foster the much-needed reconceptualization of osteopathic care and other manual therapies with this Special Issue. Nevertheless, on the other hand, we encourage authors to nourish the debate on this central topic and push towards strengthening a scientific community of practice where informed and supported discussions will represent the lifeblood of each profession.

Irvine, CA 92697, USA

Message from the Editor-in-Chief

Healthcare is an international, peerreviewed, open access, multidisciplinary journal. Original research articles, short communications, review articles, and symposium highlights are welcomed.

Healthcare hopes to influence global health and disease aspects, and hopes to gain high visibility and acceptance by the scientific and healthcare community and will dedicate itself to covering special and specific topics in special issues.

We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), PubMed, PMC, and other databases.

Journal Rank: JCR - Q2 (Health Policy and Services) / CiteScore - Q1 (Leadership and Management)
