

Special Issue

Patient Safety and Psychosocial Risk in the Workplace

Message from the Guest Editors

We are pleased to invite contributions to a Special Issue titled “**Patient Safety and Psychosocial Risk in the Workplace**”. This Special Issue aims to explore the dynamic relationship between patient safety and psychosocial risks within healthcare systems. By addressing this intersection, the issue aligns with the journal’s scope to advance knowledge and evidence-based practices that enhance healthcare delivery, professional well-being, and patient outcomes. The issue will focus on understanding how psychosocial factors such as stress, workload, and organizational culture impact patient safety, and conversely, how safety initiatives can mitigate psychosocial risks. This scope encourages submissions that offer innovative approaches, comprehensive reviews, and practical interventions relevant to healthcare professionals, administrators, and stakeholders.

I look forward to receiving your contributions.

Guest Editors

Prof. Dr. Maria Malliarou

Dr. Pavlos Sarafis

Dr. Aristomenis Kotsakis

About the Journal

Message from the Editor-in-Chief

Healthcare is an international, peerreviewed, open access, multidisciplinary journal. Original research articles, short communications, review articles, and symposium highlights are welcomed.

Healthcare hopes to influence global health and disease aspects, and hopes to gain high visibility and acceptance by the scientific and healthcare community and will dedicate itself to covering special and specific topics in special issues.

We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Lorraine S. Evangelista
