

Special Issue

The Influence of Mental Health Services on Health Outcomes and Well-Being

Message from the Guest Editor

In recent years, the intricate relationship between mental health and overall well-being has emerged as a pivotal area of concern in healthcare. Recognising the pivotal role of mental health services in shaping individuals' health outcomes and overall quality of life, we are pleased to invite researchers and experts from diverse disciplines to contribute to our upcoming Special Issue, entitled "The Influence of Mental Health Services on Health Outcomes and Well-Being". This multifaceted connection between mental health services, health outcomes, and well-being forms the cornerstone of our understanding of holistic healthcare and has received widespread attention. This Issue aims to provide a comprehensive exploration of the complex interplay between mental health services, health outcomes, and well-being, shedding light on novel insights, empirical findings, and innovative approaches in this domain. We encourage prospective contributors to consider these areas of interest and to contact our editorial office for any inquiries or clarifications.

About the Journal

Message from the Editor-in-Chief

Healthcare is an international, peerreviewed, open access, multidisciplinary journal. Original research articles, short communications, review articles, and symposium highlights are welcomed.

Healthcare hopes to influence global health and disease aspects, and hopes to gain high visibility and acceptance by the scientific and healthcare community and will dedicate itself to covering special and specific topics in special issues.

We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Lorraine S. Evangelista

Sue & Bill Gross School of Nursing, University of California, Irvine, CA
92697, USA
