Deadline for manuscript
submissions:

closed (31 July 2023)

Message from the Guest Editor

Since musculoskeletal disorders are closely related to quality of life, interest in the treatment and management of musculoskeletal disorders is increasing.

Appropriate treatment and management interventions and programs related to musculoskeletal disorders are expected to contribute significantly to catalyzing new developments in the treatment of musculoskeletal disorders in diverse communities.

This special issue aims to publish original studies and reviews of randomized and non-randomized controlled trials and original studies or reviews of musculoskeletal disorders in the treatment and management of musculoskeletal disorders in diverse populations.

It focuses on multifaceted approaches (treatments) to improving musculoskeletal disorders and quality of life. We invite you to submit original research papers, case reports and reviews. In addition to the keywords below, please submit works addressing topics in all fields related to musculoskeletal treatment and intervention.

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Discovery and advances in this research field play a critical role in providing a scientific basis for decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards. *IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality, peer-reviewed, open access journal.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (Public Health, Environmental and Occupational Health)
