Message from the Guest Editors

Dear Colleagues,

We are pleased to announce this Special Issue titled “Topical Advisory Panel Members’ Collection Series: Environmental Science and Environmental Factors That Affect Health”. This issue will be a Special Issue of papers from researchers invited by the Topical Advisory Panel Members.

This Special Issue aims to provide a venue for networking and communication between *IJERPH* and scholars in the field of Environmental Science and Environmental Health. It welcomes papers focused on human-health-related environmental issues and the relationship between the physical, social, socio-economic, soil, water, air, and other environmental factors and health. All papers will be published with fully open access after peer review.

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Discovery and advances in this research field play a critical role in providing a scientific basis for decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards. *IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality, peer-reviewed, open access journal.
