Southwestern University of
Finance and Economics,
Chengdu 611130, China

Prof. Dr. Gengyuan Liu

State Key Joint Laboratory of
Environmental Simulation and
Pollution Control, School of
Environment, Beijing Normal
University, Beijing, China

Deadline for manuscript
submissions:

closed (30 September 2023)

Message from the Guest Editors

This Special Issue focuses on the nexus between climate change and the environment and economy, as well as the design, implementation and evaluation of diversified low-carbon policies. The authors are welcome to submit manuscripts related to, but not limited to, the following topics:

- Land use change and food production under climate change;
- Climate change and carbon sequestration;
- Impacts of climate change on urban natural capital and ecosystem services;
- Carbon–energy–water–food–economy nexus mechanisms;
- Challenges, investment opportunities and technological innovations in adapting to climate change;
- Low-carbon policies and resilience to climate change;
- Efficiency evaluation of government spending for climate change adaptation;
- Designing and assessing of collaborative governance policies for low-carbon transition.

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Discovery and advances in this research field play a critical role in providing a scientific basis for decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards. *IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality, peer-reviewed, open access journal.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (Public Health, Environmental and Occupational Health)
