### Message from the Guest Editors

Dear Colleagues,

As there are wide disparities in child health between and within countries, we encourage original submissions on research topics connected with children, adolescent health and wellbeing, including school health, public and environmental health. Submissions are invited for a Special Edition of *International Journal of Environmental and Public Health*. There is an increasing focus on the physical, social and emotional health and wellbeing of children and adolescents. The research methods include random controlled trials, meta-analyses and innovative technologies. We look forward to your submission.

## Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Discovery and advances in this research field play a critical role in providing a scientific basis for decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards. *IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality, peer-reviewed, open access journal.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPlus / SciFinder, and other databases.

**Journal Rank:** CiteScore - Q1 (Public Health, Environmental and Occupational Health)
