Deadline for manuscript
submissions:

closed (30 March 2023)

Message from the Guest Editor

This Special Issue of *International Journal of Environmental Research and Public Health* aims to feature original full-length research articles and reviews on this topic from a multidisciplinary point of view. Potential topics for this collection include, but are not limited to:

- Occurrence, fate, transport, and measurement techniques of EOPs;
- Bioavailability and biotransformation of EOPs;
- Toxic effects of EOPs and their metabolites;
- Computational chemistry and quantitative structure–activity relationship studies for the toxicity of EOPs;
- Environmental risk assessments of EOPs;
- Studies involving the treatment and removal of EOPs.

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Discovery and advances in this research field play a critical role in providing a scientific basis for decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards. *IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality, peer-reviewed, open access journal.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (Public Health, Environmental and Occupational Health)
