Message from the Guest Editor

Dear Colleagues,

Changes to the environment arising from natural disasters, climatic variation, and degradation impact people's health and wellbeing. Natural disasters such as prolonged droughts, earthquakes, floods, fires, tsunamis, climate change and this special edition calls for submissions that offer insights into the implications of environmental change on health and wellbeing of individuals or populations locally, nationally, and internationally.

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Discovery and advances in this research field play a critical role in providing a scientific basis for decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards. *IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality, peer-reviewed, open access journal.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPlus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (Public Health, Environmental and Occupational Health)
