Message from the Guest Editor

Dear Colleagues,

The Special Issue of "Indoor Air Quality and Monitoring: Particulate Matters" is a comprehensive publication dedicated to exploring the latest advancements and research findings in the field of indoor air quality and monitoring of particulate matters. This Special Issue provides a platform for experts to discuss the sources and impacts of indoor air pollution and the development of innovative monitoring technologies. The articles included in this Special Issue cover a wide range of topics, including particulate matter exposure assessment, indoor air quality management, and the development of new monitoring methods and sensors. This Special Issue is essential reading for professionals in the field of indoor air quality and monitoring, as well as researchers and policymakers concerned with the impacts of indoor air pollution on human health.

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Scientific discoveries and advances in this research field play a critical role in providing a rational basis for informed decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards.

IJERPH provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality peer-reviewed journal.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPlus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (Public Health, Environmental and Occupational Health)
