Deadline for manuscript submissions:

31 July 2025

Message from the Guest Editors

Dear Colleagues,

Here at IJERPH we look forward to receiving your paper for a forthcoming Special Issue entitled “Health Impact of Heavy Metal and Organic Pollution in the Marine and Terrestrial Environment”.

In this Special Issue, we shall answer the following questions:

- What are the interrelations between ecosystem services and human or environmental health in an ecosystem?
- What are the strengths, weaknesses, opportunities and threats involved in methods of dealing with pollution in marine and terrestrial habitats?
- How can we measure, assess, and picture the link between organisms in terms of pyramids of energy, biomass and number and pollutants?
- What is the extent of the bioaccumulation and biomagnification of heavy metal and organic pollutants in consumers and producers upon exposure to toxicants in the environment?

Your paper will undergo a rapid, high-quality peer review by expert reviewers and an international editorial board. We will also ensure global visibility of your article is achieved.

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Discovery and advances in this research field play a critical role in providing a scientific basis for decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards. *IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality, peer-reviewed, open access journal.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (Public Health, Environmental and Occupational Health)
