Deadline for manuscript
submissions:

closed (31 July 2019)

Message from the Guest Editor

Dear Colleagues,

We would like to invite you to submit your contribution to a Special Issue on the topic “Allergic Disease Epidemiology” of the *International Journal of Environmental Research and Public Health*. This Special Issue will elucidate the latest research on allergic diseases and related mechanisms. As an expert in this field, you recognize the importance of associated research, which is why we seek your contribution to this Special Issue.

We are particularly interested in original research that contributes to the following potential topics:

- results of cohort studies
- environmental impact on allergic diseases
- cell culture experiments on allergic diseases immunology
- animal models on allergic diseases
- pathway analyses of allergic diseases
- epigenetic modifications concerning allergic diseases
- biostatistical methods

an Open Access Journal by MDPI

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Discovery and advances in this research field play a critical role in providing a scientific basis for decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards. *IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality, peer-reviewed, open access journal.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPlus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (Public Health, Environmental and Occupational Health)
