Message from the Guest Editors

For this Special Issue on “Applied Health Technology”, we invite submissions that examine how people's health and wellbeing at the individual, group and societal levels can be achieved, promoted, maintained or counteracted by digitalization. Additionally, all papers addressing technology in a health or care setting are encouraged. Researchers are invited to contribute novel work to be considered for publication in this Special Issue. Submissions should include original articles or brief reports.

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Discovery and advances in this research field play a critical role in providing a scientific basis for decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards. *IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality, peer-reviewed, open access journal.
