### Message from the Guest Editors

The purpose of this Special Issue is to collect original, high-quality research papers, systematic reviews, and meta-analyses with rigorous study designs, theoretical models, and solid methodological frameworks, focusing on recent advances in care for children and adolescents with NDD. We particularly welcome multidisciplinary contributions and studies with clear implications for practice. Protocols and empirical studies including less than 10 participants will not be considered.

All submitted manuscripts will be processed through a peer-review process.

Deadline for manuscript

## Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Discovery and advances in this research field play a critical role in providing a scientific basis for decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards. *IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality, peer-reviewed, open access journal.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPlus / SciFinder, and other databases.

**Journal Rank:** CiteScore - Q1 (Public Health, Environmental and Occupational Health)
