Deadline for manuscript  
submissions:

**closed (31 March 2023)**

### **Message from the Guest Editor**

This Special Issue of *IJERPH*, we invite you to submit articles that present alternative, situated systems of psychological evaluation, in any specific field. Examples of research topics include, but are not limited to, the following areas:

- The evaluation of adolescents' self-knowledge and their emotional well-being and mental health
- Criticisms to psychological evaluation based on standardized tests
- The evaluation of the vocational orientation of adolescents and its impact on their personal and professional well-being
- The evaluation of student learning and its impact on comprehension and understanding
- The relationship between evaluation procedures and anxiety
- The use of technology as a platform to improve assessment of psychological processes
- Evaluation of the quality of life
- Evaluation of well-being, pain and health.

an Open Access Journal by MDPI

## Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Discovery and advances in this research field play a critical role in providing a scientific basis for decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards. *IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality, peer-reviewed, open access journal.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPus / SciFinder, and other databases.

**Journal Rank:** CiteScore - Q1 (Public Health, Environmental and Occupational Health)
