**closed (31 October 2023)**

### **Message from the Guest Editor**

Dear Colleagues,

As the Editor-in-Chief of Public Health Statistics and Risk Assessment, I am pleased to announce this Special Issue titled “Exclusive Papers Collection of Editorial Board Members (and Invited Scholars) in the Section: “Public Health Statistics and Risk Assessment”. This Special Issue will be a collection of high-quality papers from editorial board members and leading researchers invited by the editorial office and the Editor-in-Chief. Both original research articles and comprehensive review papers are welcome. We also encourage the collaborative co-authorship of Editorial Board Members with their advanced graduate students, post-doctoral fellows, and research team members. The papers will be published, free of charge, with full open access after peer review.

Prof. Dr. Jimmy Efird

University, Baltimore, MD 21251,  
USA

## Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Discovery and advances in this research field play a critical role in providing a scientific basis for decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards. *IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality, peer-reviewed, open access journal.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPlus / SciFinder, and other databases.

**Journal Rank:** CiteScore - Q1 (Public Health, Environmental and Occupational Health)
