Message from the Guest Editors

Dear Colleagues,

This Special Issue will be dedicated to *Headaches*. Different approaches from disability, functioning, burden, social aspects, non-drug approaches, and trauma-related complaints will be evaluated in different settings. The public health implications of all these reviews will be the *fil rouge* of the thematic series. The international and multidisciplinary panel of experts will guarantee the global coverage of all themes.

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Discovery and advances in this research field play a critical role in providing a scientific basis for decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards. *IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality, peer-reviewed, open access journal.
