Deadline for manuscript
submissions:

closed (30 April 2023)

Message from the Guest Editors

Dear Colleagues,

We are honored to present the special issue entitled "The Latest Research on Maternal and Child Health". It aims to present high-quality scientific articles (original research articles or comprehensive/systematic review papers) presenting the latest achievements and research directions in the field of maternal-fetal medicine and neonatology.

In the hope of creating a multidisciplinary platform for scientific exchange, we invite all researchers interested in maternal, fetal, and newborn health to share their research results and their own clinical experience.

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Discovery and advances in this research field play a critical role in providing a scientific basis for decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards. *IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality, peer-reviewed, open access journal.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPlus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (Public Health, Environmental and Occupational Health)
