

## Special Issue

# Addictive Behaviors and Mental Health in Adolescents and Young Adults

### Message from the Guest Editors

This Special Issue in the *International Journal of Environmental Research and Public Health* is devoted to the dissemination of recent findings on “Addictive Behaviors and Mental Health in Adolescents and Young Adults”, in order to fill the existing gaps in the field, and to improve our understanding of the relationship between early maturational life stages and addictive behaviors.

## About the Journal

### Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Discovery and advances in this research field play a critical role in providing a scientific basis for decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards. *IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality, peer-reviewed, open access journal.
