

Special Issue

Health Economic Impacts of Climate Change

Message from the Guest Editors

This Special Issue of the *International Journal of Environmental Research and Public Health* welcomes contributions from researchers on the following suggested topics:

- Health impacts of climate change
- Economic valuation of health impacts
- Integrated assessment model of climate change impacts
- Climate change health impact policy formulation and evaluation
- Regional and geographical differences in health impacts and perceptions
- Human reactions to health impacts
- Determinants of human behaviour facing health impacts
- Physical and socioeconomic factors affecting health impacts of climate change

Guest Editors

Prof. Dr. Carmelo J. León

Dr. Javier de León

Dr. Yen E. Lam-González

Prof. Dr. Jesus Olivero-Verbel

About the Journal

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Scientific discoveries and advances in this research field play a critical role in providing a rational basis for informed decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards.

IJERPH provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality peer-reviewed journal.

Editor-in-Chief

Prof. Dr. Paul R. Ward

School of Society and Culture, Adelaide University, Adelaide 5001,
Australia

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPlus / SciFinder, and other databases.

Journal Rank:

CiteScore - Q1 (Public Health, Environmental and Occupational Health)
