Deadline for manuscript  
submissions:

**closed (2 June 2023)**

### Message from the Guest Editor

Dear Colleagues,

The advent of digital assets has been topical in many conversations in finance. There is a common belief that these assets will boost liquidity and fundraising, enrich global investor pools, and impact other financial markets. With the change in the dynamics of global financial markets, digital and conventional assets may provide evidence of responsive behavior to various global economic events. This Special Issue aims at providing selected contributions on advances in digital finance and their relationships with conventional assets.

## Message from the Editor-in-Chief

I'm thrilled to take the leadership reins of the *International Journal of Financial Studies* and welcome the opportunity to make it one of the vanguard open-source scientific journals in our field. I eagerly look forward to working with the journal editorial team in building upon the quality instilled by my predecessor to develop the title further and broaden the appeal to other new finance research areas while keeping our core a high-quality finance journal that serves and highly values the scientific community, readers and authors alike. *IJFS* aims to publish high-quality manuscripts in both theoretical and empirical finance spanning all the major research areas in the field. It aims to provide an outlet for original finance scholarly research that promotes interaction among finance scholars and practitioners and bridges the divide that can exist between them.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, ESCI (Web of Science), EconLit, EconBiz, RePEc, and other databases.

**Journal Rank:** JCR - Q2 (*Business, Finance*) / CiteScore - Q2 (*Finance*)
