Deadline for manuscript submissions: closed (28 March 2024)

# **Message from the Guest Editors**

Dear Colleagues,

This Special Issue of "International Journal of Molecular Sciences" will highlight the exploration of new genes and their potential molecular mechanisms, such as changes in tea quality, fertility, and agronomy traits, as well as stress responses. Research papers related to tea propagation and new technologies in tea breeding, in addition to relative review papers, are welcome.

Prof. Dr. Kang Wei Prof. Dr. Mingzhe Yao *Guest Editors*

## Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

### **Author Benefits**

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Inorganic Chemistry)
