Deadline for manuscript
submissions:

31 October 2024

Message from the Guest Editor

Dear Colleagues,

Endometriosis is a polymorphous and subtle pathology that affects 1 in 10 women worldwide. Endometriosis-related pain severely affects peoples' quality of life by impairing working efficiency, social life and sexual function, among others. According to the type and location of the lesions, endometriosis is subdivided into peritoneal endometriosis, deep endometriosis and endometrioma. Although research has improved our knowledge of the genetic and molecular pathways involved in the establishment and progression of endometriosis, the pathogenesis of this condition remains yet to be fully understood.

This Special Issue of *IJMS*, led by Prof. Dr. Grzegorz Polak, aims to highlight the recent insights and discoveries, novel developments, current challenges, and future perspectives in the field of endometriosis. We cordially invite submissions of papers addressing any and all relevant aspects of this condition's pathology.

an Open Access Journal by MDPI

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (*Biochemistry & Molecular Biology*) / CiteScore - Q1 (*Inorganic Chemistry*)
