Message from the Guest Editor

Dear Colleagues,

This Special Issue, entitled “Abiotic Stress Tolerance and Genetic Diversity in Plants, 2nd Edition”, aims to compile innovative research on the exploration, leveraging and utilization of plant genetic diversity to improve abiotic stress tolerance traits using a diverse array of techniques and perspectives. Ultimately, we envision an interplay among genetic, molecular, ecological and modeling disciplines to cope with abiotic stresses such as, but not limited to, drought, heat, flooding, salinity, frost and soil toxicity.

Deadline for manuscript submissions:

31 January 2025

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1
(Inorganic Chemistry)
