Deadline for manuscript
submissions:
closed (15 March 2024)

Message from the Guest Editor

Head and neck cancers, the seventh most common cancer worldwide, are a diverse group of malignancies that arise from oral cavity, pharynx, larynx, nasal cavity, and paranasal sinuses. Despite many efforts to explore the methods of early detection and effective treatments, the prognosis of head and neck cancer remains poor. The deregulated interplay of genetic, epigenetic, and environmental factors contributes to the development and progression of head and neck tumorigenesis. A better understanding of these multifaceted dysregulations at the cellular and molecular basis is crucial for developing better cancer therapeutics.

This Special Issue therefore seeks to highlight the importance of multifaceted deregulations during head and neck tumorigenesis, with the aim of developing effective treatments. Submissions of basic, translational, and clinical (with biomolecular experiments) research or review articles are all welcome.

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Maurizio Battino

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Inorganic Chemistry)
