Western Ontario, London, ON,  
Canada

Deadline for manuscript  
submissions:

**closed (30 November 2022)**

### Message from the Guest Editor

Dear Colleagues,

Interactions between plants and organisms that attack them is an ever-evolving study subject that continues to pique the interest of a growing number of scientists with diverse research backgrounds. The evolution of plant defense responses is tightly interlinked with the evolution of attackers. A successful plant defense response relies on the early detection of an intruder, the quick activation of immediate defenses, and the establishment of long-term resistance to biotic stress. A successful attack, in turn, relies on evading, overcoming, or suppressing these mechanisms.

This Special Issue on “Plant Response to Microbes and Insects” is open to all researchers studying these interactions at any level or time scale from either plant or biotic stressor side. Original research articles and review papers dealing with the advancement and current understanding of diverse aspects of plant interactions with biotic stressors are welcome.

an Open Access Journal by MDPI

## Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Inorganic Chemistry)
