Message from the Guest Editors

In this Special Issue, entitled “Coronavirus Disease (COVID-19): Pathophysiology”, we aim to present research and theoretical papers addressing all of these questions in addition to many others related to COVID-19. Thus, we invite colleagues working in any field related to COVID-19, from viral genetics to epidemiology and computer modeling, to submit their work for publication in this Special Issue. We believe that this Special Issue of the *International Journal of Molecular Sciences* will be not only very timely but also scientifically innovative and exciting.
