

## Peptides as Biochemical Tools and Modulators of Biological Activity

Guest Editor:

**Dr. Annamaria Aloisio**

Department of Experimental and  
Clinical Medicine, University  
"Magna Græcia", 88100  
Catanzaro, Italy

Deadline for manuscript  
submissions:

**20 August 2024**

### Message from the Guest Editor

This Special Issue will focus on the selection, identification and functional/biochemical characterization of peptides for studying or modulating peptide–protein interactions in stem cell research and in different cancer types. Peptides with high binding affinity and specificity for a disease-associated protein, being mainly expressed on the cell surface, are commonly used as biochemical tools for targeting, diagnosis and monitoring in different contexts.

Led by Dr. Annamaria Aloisio, who is assisted by our Topical Advisory Panel Member Dr. Nancy Nisticò (University "Magna Græcia" of Catanzaro), this Special Issue focuses on the identification and characterization of natural or synthetic peptides showing modulated biological activities (antibacterial, antiviral, immunomodulatory and anticancer properties) with potential applications in tissue regeneration and targeted drug delivery strategies. Original research articles and reviews on these and related topics are welcome for this Special Issue.

an Open Access Journal by MDPI

## Editor-in-Chief

### Prof. Dr. Maurizio Battino

Department of  
Odontostomatologic and  
Specialized Clinical Sciences,  
Sez-Biochimica, Faculty of  
Medicine, Università Politecnica  
delle Marche, Via Ranieri 65,  
60100 Ancona, Italy

## Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Inorganic Chemistry)
