

Feature Paper Collection in Biochemistry

Collection Editors:

Prof. Dr. Claudiu T. Supuran

Neurofarba Department, Section
of Farmaceutical and
Neutraceutical Sciences,
University of Florence, Sesto
Fiorentino, 50019 Florence, Italy

Dr. Clemente Capasso

Institute of Bioscience and
Bioresources (IBBR), National
Research Council, Via Pietro
Castellino 111, 80131 Napoli, Italy

Message from the Collection Editors

Dear Colleagues,

As Editors of the *International Journal of Molecular Sciences*, we are very excited to announce the Special topical collection “Feature Paper Collection in Biochemistry”. The collection aims to collect high-quality research articles, review articles, and communications on all aspects of biochemistry, which expert scientists will submit in the field of biochemistry.

The areas of interest for the Special collection embrace but are not limited to topics such as:

- Cellular function and structure;
- New approaches in the management of hypoxic tumors;
- Cancer molecular genetics;
- Enzymology and structural biology;
- Targeting human enzymes involved in tumorigenesis;
- Function and structure of protein membrane and drug distribution in the body;
- Protein interactions and functional nucleic acid;
- Epigenetic and genetic regulatory mechanisms;
- Role of intestinal microbes in diseases and human health;
- Essential small molecules for metabolic pathways and human pathogens.

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Maurizio Battino

Department of
Odontostomatologic and
Specialized Clinical Sciences,
Sez-Biochimica, Faculty of
Medicine, Università Politecnica
delle Marche, Via Ranieri 65,
60100 Ancona, Italy

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Inorganic Chemistry)
