Message from the Guest Editors

This Special Issue seeks to provide insights into the pharmacology and toxicology of natural products. It aims to illuminate both their potential as therapeutic agents and the safety considerations that accompany their use.

We welcome original research articles and reviews that cover, but are not limited to, the following topics:

- Pharmacological properties of natural products;
- Toxicological evaluations of natural products;
- Drug discovery from natural sources;
- Interactions between natural products and pharmaceuticals;
- Advancements in analytical techniques and ethnopharmacological approaches;
- Regulatory and ethical considerations;
- Case studies and clinical trials.

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Inorganic Chemistry)
