Rheumatoid Arthritis: Molecular Mechanisms and Immunotherapy

Guest Editor:

Prof. Dr. Irena Manolova

Department of Molecular Biology, Immunology and Medical Genetics, Trakia University, 6000 Stara Zagora, Bulgaria

Deadline for manuscript submissions:

30 September 2024

Message from the Guest Editor

This Special Issue aims to provide a platform for the latest research clarifying the molecular and immune mechanisms underlying pathological events related to the clinical presentation and different treatment outcomes of RA. Understanding the individual variations in RA pathogenesis at the molecular level will considerably improve patient management and outcomes. Original articles and reviews revealing the inflammatory pathways, the variations in molecular mechanisms in RA pathogenesis and potential new immune-based therapy that targets specific molecular pathways involved in RA inflammation are welcome.

Editor-in-Chief

Prof. Dr. Maurizio Battino

Department of Odontostomatologic and Specialized Clinical Sciences, Sez-Biochimica, Faculty of Medicine, Università Politecnica delle Marche, Via Ranieri 65, 60100 Ancona, Italy

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (*Biochemistry & Molecular Biology*) / CiteScore - Q1 (*Inorganic Chemistry*)
