

Biological and Bio-Inspired Materials: Current Challenges and Opportunities

Guest Editors:

Dr. Yoshiko Okamura

Graduate School of Integrated Sciences for Life, Hiroshima University, Higashihiroshima 739-8530, Japan

Prof. Dr. Michio Suzuki

Department of Applied Biological Chemistry, Graduate School of Agricultural and Life Sciences, University of Tokyo, Tokyo, Japan

Deadline for manuscript submissions:

closed (31 January 2023)

Message from the Guest Editors

Dear colleagues,

This Special Issue aims to collect and publish recent advances in the area of biological materials and materials inspired by biological principles in order to share the ideas of bioprocess mechanisms of biogenic materials with chemists, physicists, biologists and with all scientists in general. We welcome all reviews and research articles describing structure-properties, molecular mechanisms, and new findings of biological materials. This includes also bio-inspired materials and properties to challenge the application studies.

- biomineralization
- biological and bio-inspired nano-composites
- structure-properties relationship
- bio-inspired fabrication and functionality

A 10% discount would be applied for your submissions. If you have an interest, please feel free to contact us or the editor Vera Cao (vera.cao@mdpi.com).

Granada, Spain

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
