Deadline for manuscript  
submissions:

**closed (31 July 2021)**

### Message from the Guest Editor

Infectious diseases still affect the health of many people today. The morbidity and mortality rates associated with these diseases are considerable. However, it is now recognized that these infections particularly affect some individuals while sparing others. Significant progresses have been made in recent years for each of these diseases. These important changes essentially concern:

    Patient management (new methods for diagnosis based on molecular biology tests)

    Genetic analysis

    Identification of susceptible loci

    Deciphering the pathogenic processes

    Identification and characterization of biomarkers

    Development of new drugs

The submission of original research articles or up-to-date review articles, and commentaries related to these (non-exhaustive) topics is encouraged.

an Open Access Journal by MDPI

## Editor-in-Chief

### Prof. Dr. Maurizio Battino

Department of  
Odontostomatologic and  
Specialized Clinical Sciences,  
Sez-Biochimica, Faculty of  
Medicine, Università Politecnica  
delle Marche, Via Ranieri 65,  
60100 Ancona, Italy

## Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Inorganic Chemistry)
