

Research Progress of Platelet Metabolism in Regulating Platelet Function and Thrombosis

Guest Editors:

Dr. Manasa K. Nayak

Department of Internal Medicine,
University of Iowa, Iowa City, IA,
USA

Dr. Dong Ju Son

Department of Pharmacy,
College of Pharmacy, Chungbuk
National University, Cheongju,
Republic of Korea

Deadline for manuscript
submissions:

closed (31 August 2022)

Message from the Guest Editors

Targeting different enzymes of metabolic pathways and metabolites of platelets and different cells (neutrophil, monocytes, and endothelial cells) that take part in development of thrombosis could be a potential future goal for antithrombotic therapeutic intervention.

This Special Issue is devoted to discussing new insights into thrombosis, influenced by platelet metabolism or different platelet metabolic enzymes or metabolites. This issue also includes mechanistic insights about platelet lifespan/aging and its metabolism, platelet metabolism during storage, and the effect of temperature on platelet metabolism.

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Maurizio Battino

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Inorganic Chemistry)
