

Special Issue

The Regulation of Microorganisms on Human Endocrine and Metabolic Systems

Message from the Guest Editors

Understanding how microorganisms influence endocrine and metabolic functions and responses to drugs is crucial for developing novel therapeutic approaches for cardiometabolic diseases. This Special Issue will explore the role of the gut microbiome in regulating the host responses using in vitro models, animal studies, human cohorts, and clinical interventions. We invite original research articles and review papers that contribute to a deeper understanding of the mechanisms modulated by the gut microbiota and their potential therapeutic implications.

Guest Editors

Dr. Thi Phuong Nam Bui

Department of Experimental Vascular Medicine, Amsterdam University Medical Center, 1105 AZ Amsterdam, The Netherlands

Dr. Valentina Tremaroli

Department of Molecular and Clinical Medicine, Institute of Medicine, University of Gothenburg, Gothenburg, Sweden

Deadline for manuscript submissions

20 September 2026

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. José L. Quiles
Department of Physiology, Institute of Nutrition and Food Technology
"Jose Mataix", Biomedical Research Center, University of Granada,
Avda. Conocimiento s/n, 18100 Armilla, Granada, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
