## Big Data Analytics and Mobile Cloud Computing in the Internet of Things

Guest Editors:

**Prof. Dr. Kun She**

School of Information and Software Engineering, University of Electronic Science and Technology of China, Chengdu 610054, China

**Dr. Di Lin**

School of Information and Software Engineering, University of Electronic Science and Technology of China, Chengdu 610054, China

### Message from the Guest Editors

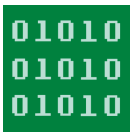

The aim of this Special Issue is to provide insight regarding the most innovative contributions to the application of big data analytics and mobile cloud computing in the area of the Internet of Things. The development of the Internet of Things (IoT) is advancing rapidly and that has led to the connection of millions of devices via the internet. Big data comprises high-volume, high-velocity, and/or high-variety information assets that require new forms of processing to enable enhanced decision making, insight discovery and process optimization. Mobile cloud computing (MCC) is an emergent paradigm that attends to the deployment of mobile applications and services in a collaborative manner across multiple clouds.

Deadline for manuscript submissions:

**closed (31 January 2024)**

## Editor-in-Chief

### Prof. Dr. Willy Susilo

School of Computer Science and Software Engineering, University of Wollongong, Northfields Avenue, Wollongong, NSW 2522, Australia

## Message from the Editor-in-Chief

The concept of *Information* is to disseminate scientific results achieved via experiments and theoretical results in depth. It is very important to enable researchers and practitioners to learn new technology and findings that enable development in the applied field.

*Information* is an online open access journal of information science and technology, data, knowledge and communication. It publishes reviews, regular research papers and short communications. We invite high quality work, and our review and publication processing is very efficient.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [ESCI \(Web of Science\)](#), [Ei Compindex](#), [dblp](#), and [other databases](#).

**Journal Rank:** [CiteScore - Q2](#) (*Information Systems*)
