Heraklion, Greece

Deadline for manuscript
submissions:
closed (31 March 2026)

Message from the Guest Editors

The Special Issue "Pervasive Computing in IoT, 2nd Edition" is OPEN!

The goal of this Special Issue is to invite high-quality, state-of-the-art research papers that deal with challenging issues in pervasive computing across the different parts of the IoT ecosystem. We solicit original papers of unpublished and completed research that are not currently under review by any other conference/magazine/journal. Topics of interest include but are not limited to the following:

- Advances in wireless communications for the IoT;
- Advances in networking for the IoT;
- Data compression for the IoT;
- Cloud/fog/edge/extreme edge computing for the IoT;
- Network management for the IoT;
- Network function virtualization and software-defined networking for the IoT;
- Privacy and security issues for the IoT;
- Pervasive and ubiquitous computing for the IoT;
- Advances in human-computer interfaces for the IoT;
- Machine learning and computational intelligence for the IoT;
- Decision support systems for the IoT;
- Data analytics for the IoT;
- Internet of Senses.

Editor-in-Chief

Prof. Dr. Willy Susilo

School of Computer Science and Software Engineering, University of Wollongong, Northfields Avenue, Wollongong, NSW 2522, Australia

Message from the Editor-in-Chief

The concept of *Information* is to disseminate scientific results achieved via experiments and theoretical results in depth. It is very important to enable researchers and practitioners to learn new technology and findings that enable development in the applied field.

Information is an online open access journal of information science and technology, data, knowledge and communication. It publishes reviews, regular research papers and short communications. We invite high quality work, and our review and publication processing is very efficient.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [ESCI \(Web of Science\)](#), [Ei Compendex](#), [dblp](#), and [other databases](#).

Journal Rank: JCR - Q2 (Computer Science, Information Systems) / CiteScore - Q2 (Information Systems)
