2nd Edition of Information Retrieval and Social Media Mining

Guest Editor:

Dr. María N. Moreno García
Department of Computer Science and Automation, Science Faculty, University of Salamanca, Plaza de los Caídos s/n, 37008 Salamanca, Spain

Deadline for manuscript submissions:
30 November 2024

Message from the Guest Editor

The Special Issue "2nd Edition of Information Retrieval and Social Media Mining" is OPEN!

It aims to provide a forum for the presentation and discussion of the latest advances concerning web and social media mining.

Topics of interest may include, but are not limited to, the following:

- Web mining—content, structure, and usage mining;
- User profiling and personalization;
- Recommender systems;
- Sentiment analysis and opinion mining;
- Social influence analysis;
- Detection and analysis of social communities;
- Information diffusion in social media.

Special Issue

Editor-in-Chief

Prof. Dr. Willy Susilo
School of Computer Science and Software Engineering, University of Wollongong, Northfields Avenue, Wollongong, NSW 2522, Australia

Message from the Editor-in-Chief

The concept of *Information* is to disseminate scientific results achieved via experiments and theoretical results in depth. It is very important to enable researchers and practitioners to learn new technology and findings that enable development in the applied field.

Information is an online open access journal of information science and technology, data, knowledge and communication. It publishes reviews, regular research papers and short communications. We invite high quality work, and our review and publication processing is very efficient.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.
High Visibility: indexed within Scopus, ESCI (Web of Science), Ei Compendex, dblp, and other databases.
Journal Rank: CiteScore - Q2 (*Information Systems*)
