Message from the Guest Editor

Dear Colleagues,

I am excited to invite you to contribute to a Special Issue on Big Data, AI, and Health Information Technology Systems in Ophthalmic Care in the journal *Information*.

The scope of the Special Issue will be to reflect the incredible progress and advancement in this space, specifically applied to ophthalmology. A broad range of papers will be considered and can pertain to topics across the entire spectrum of AI, big data, and informatics (see list of keywords below). We will accept primary research articles as well as review articles.

The deadline is May 1, 2023, but submissions will be accepted at any point prior to the deadline and will be processed upon receipt. Feel free to reach out to me with any questions at s1baxter@health.ucsd.edu, and we look forward to receiving your submissions!

Message from the Editor-in-Chief

The concept of *Information* is to disseminate scientific results achieved via experiments and theoretical results in depth. It is very important to enable researchers and practitioners to learn new technology and findings that enable development in the applied field.

Information is an online open access journal of information science and technology, data, knowledge and communication. It publishes reviews, regular research papers and short communications. We invite high quality work, and our review and publication processing is very efficient.
