### Message from the Guest Editors

Dear Colleagues,

Information proposes a Special Issue on “Information Technology: New Generations”. This Special Issue intends to contain a selection of carefully revised and extended papers that were presented at the ITNG 2020, which was held in Las Vegas, Nevada, USA, 8–11 April 2020. Contributors are invited to submit original papers dealing with state-of-the-art technologies pertaining to digital information and communications for publication in this Special Issue of the journal. The papers need to be submitted to the Guest Editor by email: [dbein@fullerton.edu](mailto:dbein@fullerton.edu) (or the *Information* Editorial Office: [information@mdpi.com](mailto:information@mdpi.com)). Please follow the instructions available here regarding the number of pages and the page formatting. The research papers should reach us latest by 30 December 2020.

## Message from the Editor-in-Chief

The concept of *Information* is to disseminate scientific results achieved via experiments and theoretical results in depth. It is very important to enable researchers and practitioners to learn new technology and findings that enable development in the applied field.

*Information* is an online open access journal of information science and technology, data, knowledge and communication. It publishes reviews, regular research papers and short communications. We invite high quality work, and our review and publication processing is very efficient.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [ESCI \(Web of Science\)](#), [Ei Compindex](#), [dblp](#), and [other databases](#).

**Journal Rank:** [CiteScore - Q2](#) (*Information Systems*)
