

Special Issue

Feature Papers in Artificial Intelligence 2024

Message from the Guest Editor

As the Section Editor-in-Chief of the “Artificial Intelligence” Section in *Information*, we are pleased to announce the Special Issue entitled “*Feature Papers in Artificial Intelligence 2024*”. The issue will be a collection of high-quality papers from the Section Editorial Board Members and leading researchers invited by the Editorial Office. Both original research articles and comprehensive review papers, on all topics related to artificial intelligence in various fields and applications, are welcome.

About the Journal

Message from the Editor-in-Chief

The concept of *Information* is to disseminate scientific results achieved via experiments and theoretical results in depth. It is very important to enable researchers and practitioners to learn new technology and findings that enable development in the applied field.

Information is an online open access journal of information science and technology, data, knowledge and communication. It publishes reviews, regular research papers and short communications. We invite high quality work, and our review and publication processing is very efficient.

Editor-in-Chief

Prof. Dr. Willy Susilo

School of Computer Science and Software Engineering, University of Wollongong, Northfields Avenue, Wollongong, NSW 2522, Australia

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, ESCI (Web of Science), Ei Compendex, dblp, and other databases.

Journal Rank:

JCR - Q2 (Computer Science, Information Systems) /
CiteScore - Q2 (Information Systems)
