

## Building Information Modelling for Civil Infrastructures

Guest Editors:

### Dr. Lucía Díaz Vilariño

OTB Department - Research for the Built Environment, Faculty of Architecture and the Built Environment, Delft University of Technology, Julianalaan 134, 2628 BL Delft, The Netherlands

### Dr. Miguel Azenha

Department of Civil Engineering, University of Minho, ISISE, Guimarães, Portugal

Deadline for manuscript submissions:

**closed (31 December 2018)**

### Message from the Guest Editors

BIM for Civil Infrastructures is a very timely topic, which led us to launch a special issue to bring together new developments in such concerns, including but not limited to:

- Data model and standard development for Civil Infrastructures
- Procedural BIM for Civil Infrastructures
- Level of Development Specification for all infrastructure life stages
- Level of Detail Definition
- Accuracy requirement and assessment in 3D modelling
- BIM as a management tool for Civil Infrastructures
- As-built BIM reconstruction
- Historic BIM
- Visualization
- Cloud computing and BIM
- The n-dimensions of BIM: from 3D to 7D and beyond
- Case studies of BIM for Civil Infrastructures

We would like to invite experts in the field of Building Information Modelling to participate in this special issue by submitting an original contribution within the topics highlighted above.

Kind regards,

Dr. Lucía Díaz Vilariño

Dr. Miguel Azenha

an Open Access Journal by MDPI

## Editor-in-Chief

### Dr. Pedro Arias-Sánchez

Applied Geotechnologies Group,  
Department of Natural Resources  
and Environmental Engineering,  
School of Mining Engineering,  
University of Vigo, 36310 Vigo,  
Spain

## Message from the Editor-in-Chief

You are invited to contribute a research article, review or short communication for consideration and publication in *Infrastructures* (ISSN 2412-3811). There is no restriction on the length of the papers. *Infrastructures* is published in open access format. The scientific community and general public have unlimited free access to the content as soon as it is published. *Infrastructures* is supported by the authors by the payment of article processing charges for accepted manuscripts. Please consider *Infrastructures* as an exceptional opportunity to publish your work.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, ESCI (Web of Science), Inspec, and other databases.

**Journal Rank:** JCR - Q2 (*Engineering, Civil*) / CiteScore - Q1 (Building and Construction)
