

## Smart, Sustainable and Resilient Infrastructures, 3rd Edition

Guest Editors:

**Dr. Bruno Barzellay Ferreira da Costa**

**Dr. Ana Evangelista**

**Prof. Dr. Assed Naked Haddad**

**Dr. Diego A. Vasco**

**Dr. Ana Briga-Sá**

Deadline for manuscript  
submissions:

**31 October 2024**

### Message from the Guest Editors

The purpose of this Special Issue is to integrate the three complementary axes of intelligence, sustainability, and resilience through two key themes: the first focusing on improving the efficiency and effectiveness of design, construction, operation, monitoring, and maintenance processes; and the second focusing on improving infrastructure performance.

Contributions are welcome from academics, practitioners, and students from any discipline or country, and multidisciplinary contributions are encouraged. Topics of interest for this Special Issue include, but are not limited to:

- Infrastructure life cycle sustainability assessment;
- Life cycle costing;
- Infrastructure projects and works;
- Sensing technologies, real-time data acquisition, and analysis;
- Smart infrastructure management systems;
- Building information modelling (BIM);
- Building energy simulation (BES);
- Cleaner and leaner production;

an Open Access Journal by MDPI

## Editor-in-Chief

### **Dr. Pedro Arias-Sánchez**

Applied Geotechnologies Group,  
Department of Natural Resources  
and Environmental Engineering,  
School of Mining Engineering,  
University of Vigo, 36310 Vigo,  
Spain

## Message from the Editor-in-Chief

You are invited to contribute a research article, review or short communication for consideration and publication in *Infrastructures* (ISSN 2412-3811). There is no restriction on the length of the papers. *Infrastructures* is published in open access format. The scientific community and general public have unlimited free access to the content as soon as it is published. *Infrastructures* is supported by the authors by the payment of article processing charges for accepted manuscripts. Please consider *Infrastructures* as an exceptional opportunity to publish your work.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, ESCI (Web of Science), Inspec, and other databases.

**Journal Rank:** JCR - Q2 (*Engineering, Civil*) / CiteScore - Q1 (Building and Construction)
