Message from the Guest Editors

Dear Colleagues,

This Special Issue is the second edition of ““Italian Resuscitation Council” on Resuscitation Science and Emergencies—Part I”.

The Special Issue aims to collect brilliant contributions from worldwide experts in the field of resuscitation and emergency. Thus, we invite investigators to contribute with original research articles as well as review articles that will stimulate the continuing efforts to understand mechanisms accounting for outcomes of cardiovascular and neurological emergencies; the development of new interventional strategies (surgical and/or medical) to improve survival with good functional recovery; new approaches for evaluation and prediction of outcome; innovation and technology procurement to improve resuscitation and post-resuscitation care; better emergency medical system organization and deployment capabilities; and different training methodologies.

Important note: the Italian Resuscitation Council members can receive a 25% APC discount.

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's (JCM)* staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)
