Message from the Guest Editor

We are pleased to announce the 2nd Edition of the Special Issue “Clinical Advances in the Diagnosis and Treatment of Uveitis”, which comes as a result of the first edition's success, in which we published eight papers.

This Special Issue compiles articles that reflect the current state of the art within this field and are also indicative of some of the anticipated advances in the diagnosis and treatment of uveitis.

- uveitis
- diagnosis
- new diagnostic tests
- imaging
- new treatment strategies
- bDMARDS
- small molecules

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's (JCM)* staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)
